Reference: Southwestern Office Systems

To Whom It May Concern:

RE/MAX BAY AREA is extremely happy with the reliability and quality of the Panasonic color copier. Our service experience with Sam Williams and Southwestern Office Systems has been outstanding. We were also delighted to find that the Panasonic color copier and printer is/was so user friendly and reasonably priced compared to other models we researched before choosing this equipment.

We highly recommend Southwestern Office Systems and the service its staff provides! Please feel free to call me at 281.542.6300 if you have questions or would like additional information.

Sincerely yours,

Cindi L. Robison
