

THE PANASONIC FP-7742 COPIER.

The FP-7742 is the fusion of proprietary technologies and user-friendly features resulting in a new standard of copier productivity and performance. The FP-7742 features Panasonic's patented **QUANTUM™ TECHNOLOGY**, which was designed to create the highest quality reproduction possible. Also contributing to improved copy quality is our new **UltraMagnefine™** toner. It increases density and fine-line quality of copied images with toner particles that have been reduced to nearly half their previous size. The FP-7742—truly the new standard of copy quality.

- A more productive copier. A remarkable 3.2 second first-copy time! Even when you're using the Automatic Document Feeder, speed and productivity are maintained at 100 percent!

**100%
PRODUCTIVE**

- Drawers that hold more paper. The FP-7742 offers two standard 550-sheet paper drawers* and can be equipped with two additional 550-sheet paper drawers as well as a 3,000 sheet large capacity cassette. This increases the total available paper capacity to 5,250 sheets!

- The Intuitive Touch Panel. The FP-7742 features an advanced LCD touch-screen control panel that makes any copying task easy. Our intuitively designed on-screen menus guide you through even the toughest copy jobs.

User friendly features:

- Skyshot Mode makes it easy to copy smaller-sized originals.
- Booklet Making Made Easy! Automatically turn your single sided originals into a four-page booklet.
- Use Inserts for Great Presentations! Insert front and back pages in addition to up to 20 custom inserts.
- Built-in tracking! Keep track of all copies made in up to 100 departments.

Quality Guaranteed.

The PanaSure Program, one of the industry's most comprehensive warranty programs, is available for the FP-7742 from participating dealers.

Specifications
