

Panasonic FP-D600 Digital Copier / Printer

Maximize Your Productivity with The FP-D600

The FP-D600 will work seamlessly across your network and make your whole workgroup more productive. It comes standard with duplexing and provides numerous finishing options giving you flexibility with every project. Put the power of the FP-D600 to work at your office today.

Everything You Would Expect from a Panasonic Copier

Speed

You get a fast first copy time of 2.9 seconds and a high-speed copy/print engine. Plus you get a wide variety of finishing options such as stapling and electronic sorting that will make you even more productive.

Flexibility and Reliability

- Scan Once/ Print Many saves wear and tear on the copier.
- Electronic Sorting saves you time and makes every job easier.
- Digital SkyShot Mode gives you complete flexibility with smaller sized originals.

Crystal Clear Printing

High resolution 600 x 600 dpi printing with Digital QUANTUM™ technology.

Versatility

With the power of our digital technology, you get convenient features like bi-directional zoom, mirroring, inverting, automatic page numbering, 4-in-1, and automatic centering.

Multiple Networkability Options

You have the ability to access and print documents either from your PC or remotely from any PC on your company Local Area Network using Windows or Netware operating systems (with options).

The FP-D600 is the one stop solution for all of your document processing needs.
