

BERTL'S BEST 2009

14th Annual Awards

**Best Departmental Mono
A3 MFP Range with
Outstanding Print Feature Set**

.....

**Copystar
820 / 620 Series**

- The KX Driver's Basic Tab allows user to quickly designate page attributes, such as print size, media type, paper source, and 2-sided printing, and number of copies
- Standard duplex and a 4,150 sheet paper capacity from 5 sources enhances flexibility, with statement to ledger sized paper and paper weights up to 110 lb Index
- The high-performance 600MHz print system supports PCL and Postscript, and can connect to virtually any network environment
- For paper-intensive environments user can increase paper capacity up to 8,150 sheets, reducing the frequency to reload paper
- Robust finishing options support multi-position stapling, 2/3 hole punch, multi-tray, and booklet folding
- A high capacity toner yield of 55,000 pages (at 6% coverage) means busy work environments will be replacing toner less frequently while working more productively
- Highly durable Amorphous Silicon drum developed by Kyocera delivers rated yields of 4.8 million pages for the Copystar 820, and 3.6 million pages for the Copystar 620
