RE: Panasonic C-3 copier

Dear Greg:

I just wanted to inform you that the Panasonic C-3 color copier, which we acquired from you, through the "RE/MAX of Texas special", is working very well and is helping us to sell more homes. The low copy cost and the crisp, bright color print quality is just as you said it would be.

We especially appreciate your expert staff networking the Panasonic for printing and scanning as well as assisting us whenever they are asked. I would recommend Southwestern Office Systems and Panasonic for any real estate firm.

Best regards,

Tim Williamson
